Likhila Vydana, Hyderabad, Telangana | https://www.linkedin.com/in/likhila-vydana-aab074325/

A third-semester student at Indira Gandhi Delhi Technical University for Women, Delhi, currently pursuing a B.Tech in Electronics and Communication Engineering – Artificial Intelligence.

As part of my academic curriculum, I'm required to take up an internship during the summer break. I'm looking for an opportunity in the field of Web Development where I can put my current technical skills to use and learn more through hands-on experience.
I'm eager to work on real-world projects and grow under the guidance of experienced professionals. I would be grateful for the opportunity for any available internship roles that align with my interests and qualifications.

Summary

As a driven and ambitious individual, I am currently pursuing a B.Tech in Electronics and Communication Engineering with a specialization in Artificial Intelligence at IGDTUW.

My passion for technology and programming fuels my active involvement as a mentee with the Google Development Groups on Campus, TechNeeds and LeanIn societies of IGDTUW.

With a strong interest in event management, I proudly hold the position of Junior Executive Coordinator at IEEE-IGDTUW. This role has allowed me to effectively demonstrate my organizational and leadership abilities.

I also showcased my problem-solving skills during the InnoVortex 2.0 Hackathon organized by TechNeeds IGDTUW alongside my teammates. The IdeaGen Hackathon organized by IGDTUW Resources has helped me gain experience and knowledge about real-life issues.

Objective

To obtain a challenging Web Developer internship in a dynamic and innovative organization where I can use and learn Technical Skills, Soft Skills and Professional Qualities.
